Consulting Firm : CompuTec Systems INC, 168 Porter ave Bergenfield NJ 07621.

Client name :

Companies are always in a state of change. As companies change, so do their computer systems and computer needs. Through the purchase of a maintenance agreement, CompuTec becomes an extension of your company as a strategic partner and trusted advisor. We work with you to not only ensure that your computer systems are stable and solve problems as they arise, but also to ensure that computers become a strategic part of your business through sound advice and ideas.

What you get:

1. Peace of mind that we are available on priority if an emergency is to happen.
2. Your risk of unexpected, unbudgeted expenses is eliminated.
3. We reduce the need for urgent service through monitoring and recommendations.

We become a strategic partner of your company.
